Wellness Policy Team

Hello,

This year the Mid Valley School District is working to form a Wellness Policy team of ten members to help meet the requirements of Pennsylvania Department of Education. The goal is to establish a strong team that can voice the concerns of all stakeholders in the school district. The team should include the school nurses, health teachers, a board member, community members, coaches, the administration, a member from the school cafeteria, and students. The team will meet five times a year to discuss concerns and new ideas to help Mid Valley improve our wellness policy. The first meeting will be scheduled for a date that is near the start of the school year. The other four meetings will be scheduled for the end of each marking period. The meeting dates and times will be determined by the committee.

Sincerely,

Chad R. Vinansky
